

SAN DIEGO UNIFIED SCHOOL DISTRICT

Proposition Z

(This proposition will appear on the ballot in the following form.)

PROP Z

San Diego Neighborhood Schools Classroom Safety and Repair Measure.

To repair neighborhood schools and charter schools with funding the state cannot take away by:

- Repairing deteriorating 60-year-old classrooms, libraries, wiring, plumbing, bathrooms and leaky roofs;
- Removing hazardous mold, asbestos, and lead;
- Upgrading fire safety systems/doors;
- Upgrading classroom instructional technology, labs and vocational education classrooms;

Shall San Diego Unified School District issue \$2.8 billion in bonds at legal interest rates with citizen's oversight, independent financial audits, no money for administrators' salaries and all funds spent locally?

This proposition requires approval by 55%
of the voters voting on the proposition.

Full text of this proposition follows the arguments and rebuttals.

COUNTY COUNSEL IMPARTIAL ANALYSIS

This proposition, if approved by 55% of the votes cast on the proposition, will authorize the San Diego Unified School District ("District") to issue and sell \$2,800,000,000 in general obligation bonds. The sale of these bonds by the District is for the purpose of raising money for the District, and represents a debt of the District. In exchange for the money received from the holders, the District promises to pay the holder of the bonds an amount of interest for a certain period of time, and to repay the bonds on the expiration date.

Voter approval of this measure also will authorize an annual tax to be levied upon the taxable property within the District. The purpose of this tax is to generate revenue to pay the principal and interest on the bonds in an amount sufficient to pay the interest as it becomes due and to provide a fund for payment of the principal on or before maturity.

Proceeds from the sale of bonds authorized by this proposition may be used by the District for the construction, reconstruction, rehabilitation or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities.

The interest rate on any bond, which is established at the time of bond issuance, cannot exceed 12% per annum. The final maturity date of any bond could be no later than 25 years or 40 years after the date the bonds are issued as determined by the District.

COUNTY COUNSEL IMPARTIAL ANALYSIS (Continued)

The tax authorized by this proposition is consistent with the requirements of the California Constitution. The California Constitution permits property taxes, above the standard one percent (1%) limitation, to be levied upon real property to pay the interest and redemption charges on any bonded indebtedness for the acquisition or improvement of real property, including the furnishing and equipping of school facilities, when approved by 55% of the voters if:

- (1) the proceeds from the sale of the bonds are used only for the purposes specified,
- (2) the District, by evaluating safety, class size reduction, and information technology, has approved a list of specific projects to be funded,
- (3) the District will conduct an annual, independent performance audit, and
- (4) the District will conduct an annual, independent financial audit.

If a bond measure is approved, state law requires the District to establish an independent citizens' oversight committee. The District has made this ballot proposition subject to these requirements.

Approval of this proposition does not guarantee that the proposed projects in the District that are the subject of these bonds will be funded beyond the local revenues generated by this proposition.

A "YES" vote is a vote in favor of authorizing the District to issue and sell \$2,800,000,000 in general obligation bonds.

A "NO" vote is a vote against authorizing the District to issue and sell \$2,800,000,000 in general obligation bonds.

TAX RATE STATEMENT

An election will be held in the San Diego Unified School District (the "District") on November 6, 2012, to authorize the sale of up to \$2,800,000,000 in bonds of the District to finance school facilities as described in the proposition. If the bonds are approved, the District expects to sell the bonds in six series over time. Principal and interest on the bonds will be payable from the proceeds of tax levies made upon the taxable property in the District. The information presented in numbered paragraphs 1-3 below is provided in compliance with Sections 9400-9404 of the Elections Code of the State of California.

1. The best estimate of the tax which would be required to be levied to fund this bond issue during the first fiscal year after the sale of the first series of bonds, based on estimated assessed valuations available at the time of filing of this statement, is six cents per \$100 (\$60.00 per \$100,000) of assessed valuation in fiscal year 2013-14.
2. The best estimate of the tax rate which would be required to be levied to fund this bond issue during the first fiscal year after the sale of the last series of bonds, based on estimated assessed valuations available at the time of filing of this statement, is six cents per \$100 (\$60.00 per \$100,000) of assessed valuation in fiscal year 2021-22.
3. The best estimate of the highest tax rate which would be required to be levied to fund this bond issue, based on estimated assessed valuations available at the time of filing of this statement, is six cents per \$100 (\$60.00 per \$100,000) of assessed valuation in fiscal year 2026-27 and each year thereafter until final maturity of the bonds.

The tax levied for the Bonds authorized by this measure will be in addition to and not limited by the 6.67 cents per \$100 (\$66.70 per \$100,000) of assessed valuations tax limit established by Proposition S approved by the voters in 2008.

Voters should note that the estimated tax rates are based on the *ASSESSED VALUE* of taxable property in the District as shown on the County's official tax rolls, *not* on the property's market value. Property owners should consult their own property tax bills to determine their property's assessed value and any applicable tax exemptions.

The foregoing information is based upon the District's projections and estimates. Approval of the ballot measure authorizes the issuance of bonds under certain conditions, and is not approval of a specific tax rate. The actual tax rates and the years in which they will apply may vary from those presently estimated, due to variations from these estimates in the timing of bond sales, the amount and repayment structure of bonds sold, market interest rates at the time of each sale, and actual assessed valuations over the term of repayment of the bonds. The dates of sale and the amount and repayment structure of bonds sold at any given time will be determined by the District based on its need for construction funds and other factors, including the legal limitations on bonds approved by a 55% vote. The actual interest rates at which the bonds will be sold will depend on the bond market at the time of each sale. Actual future assessed valuation will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process.

William A. Kowba
Superintendent
San Diego Unified School District

STATEMENT REQUIRED BY EDUCATION CODE SECTION 15122.5

Approval of Proposition Z does not guarantee that the proposed project or projects in the San Diego Unified School District that are the subject of bonds under Proposition Z will be funded beyond the local revenues generated by Proposition Z. The district's proposal for the project or projects may assume the receipt of matching state funds, which could be subject to appropriation by the Legislature or approval of a statewide bond measure.

ARGUMENT IN FAVOR OF PROPOSITION Z

SAN DIEGO NEIGHBORHOOD SCHOOLS CLASSROOM SAFETY AND REPAIR MEASURE.

LOCAL CLASSROOM FUNDING THAT SACRAMENTO CAN NOT TAKE AWAY.

MASSIVE STATE CUTS IN SCHOOL FUNDING HURT OUR ABILITY TO PREPARE OUR CHILDREN FOR COLLEGE AND 21ST CENTURY JOBS. Prop. Z provides urgently needed funds for San Diego neighborhood schools and charter schools.

NO BALLOON PAYMENTS. NO HIDDEN COSTS.

Prop. Z is designed to use conventional bonds, like a standard home mortgage.

CRITICAL REPAIRS FOR DETERIORATING SCHOOLS.

Many San Diego schools are 60+ years old. Additionally, funding cuts forced postponement of critical repairs. Prop. Z repairs deteriorating classrooms; fixes frayed wiring, aging plumbing and leaky roofs; and renovates dangerous electrical/heating systems, cracked sidewalks, broken steps and bathrooms.

MAKING 130,000 SCHOOL CHILDREN SAFER.

Prop. Z removes hazardous asbestos and mold, improves disabled access, and upgrades fire alarms, safety doors, school security/emergency communications systems.

PROTECTING VITAL ACADEMIC PROGRAMS. PREVENTING TEACHER LAYOFFS.

San Diego's nationally recognized, award winning Technology Education Program helps raise test scores. Without Prop. Z, funds for this program end.

Prop. Z funds repairs that otherwise come from the operating budget, freeing up funds to help prevent teacher layoffs and avoid cuts in math, science and college prep programs.

ACCOUNTABILITY/STRICT TAXPAYER SAFEGUARDS BUILT RIGHT IN.

- INDEPENDENT CITIZENS OVERSIGHT COMMITTEE.
- NO FUNDS FOR ADMINISTRATORS' SALARIES.
- ANNUAL, INDEPENDENT AUDITS.
- DETAILED PUBLIC EXPENDITURE PLAN.
- LOCAL SCHOOL FUNDING MUST, BY LAW, BE SPENT LOCALLY.

PLATINUM STANDARD FOR OPENNESS/TRANSPARENCY.

Ballot Booklet details every repair/renovation project. Oversight Committee reviews every expenditure. Independent audits guarantee every dollar spent as promised.

WITH INTEREST RATES, CONSTRUCTION COSTS AND INFLATION AT RECORD LOWS, IT WILL ONLY COST MORE TO WAIT.

REBUTTAL TO ARGUMENT IN FAVOR OF PROPOSITION Z

NO ON PROP Z

SECOND MULTI-BILLION TAX INCREASE IN FOUR YEARS

The School District has **\$1.7 billion in unspent funds** remaining from the \$2.1 billion tax increase voters approved in 2008. That money is available for essentially the same things they say they need now.

Before the District asks you to nearly double the tax payment for school bonds, shouldn't they deliver on their original promises?

CRUSHING DEBT WILL BURDEN TAXPAYERS FOR DECADES

There are no safeguards against balloon payments or expensive, high-interest financing which could triple the ultimate cost of Proposition Z for taxpayers, their children and their grandchildren.

The District already uses and abuses high-interest financing right now. By the time the District spends the remainder of the money approved by voters in 2008, it's possible the Proposition Z bond program will cost taxpayers more than **\$14 billion** with interest – a horrendous 7 to 1 debt service ratio. Vote NO to avoid this risky financing scheme and the crushing debt that comes with it.

TRACK RECORD OF FINANCIAL MISMANAGEMENT

The Superintendent admitted that the District has no idea how to pay for Proposition Z saying: "We don't have a financial plan built looking out into the future."

Do not trust the School District with another multi-billion tax increase after they failed to do adequate planning, failed to be transparent and failed to manage the money they already have.

VOTE NO on PROP Z. It's too big a risk for us and our children to take.

ARGUMENT AGAINST PROPOSITION Z

Nearly doubles your property tax for school bonds

Here we go again. Four short years ago the San Diego Unified School District promised that if we passed Proposition S and raised our taxes by \$2.1 billion, new facilities would be built and deferred maintenance would be addressed.

The District has spent less than 25 percent of the \$2.1 billion dollar bond program and now it wants to raise your property taxes AGAIN so it can grab another \$2.8 billion!

Proposition Z means taxpayers will be on the hook for nearly **\$5 BILLION** in tax increases in just four years, not including interest. Proposition Z almost **DOUBLES THE TAX** you pay for school bonds. Before asking for ANOTHER tax increase, they need to finish the projects promised to voters.

Enough is enough

There are two other statewide income tax measures, a sales tax, a business tax increase plus Proposition Z raising our local property taxes on the ballot. Now is not the time to burden taxpayers with so many tax increases!

Wastes taxpayer money

The District will use very expensive, long-term financing to pay for technology like laptops and routers that have a useful life of only 7 years. Financing equipment like that over 30 years is a waste of taxpayer money.

No real safeguards or accountability

Proposition Z does not protect taxpayers. Nothing in the measure prevents the school board from taking on high interest debt which would triple Proposition Z's cost for taxpayers. Sound extreme? The District currently uses and abuses this type of expensive financing right now.

We should not trust the District with another \$2.8 billion tax increase.

VOTE NO on PROPOSITION Z. Tell the District to keep its promises from the last tax increase before asking for more money.

REBUTTAL TO ARGUMENT AGAINST PROPOSITION Z

THE OPPONENTS HAVE THEIR FACTS WRONG.

NO LONG-TERM, HIGH INTEREST "POWAY-STYLE" BONDS. ONLY CONVENTIONAL FINANCING PERMITTED.

IRONCLAD TAXPAYER SAFEGUARDS.

- All funds, by law, spent locally.
- Annual, independent audits account for every penny.
- Independent Oversight Committee, including Taxpayer representation (by law), reviews expenditures.
- Complete transparency. Every single project on the Ballot and On-Line.
- Funding Sacramento can NOT take away!

That's why *San Diego Taxpayers Advocate* and *Middle Class Taxpayers Association* (San Diego's largest taxpayer organization) support Prop. Z.

PROPS. S AND Z. CRITICAL REPAIRS. MAKING 130,000 STUDENTS SAFER.

Outside architects/contractors identified \$7+ billion in repairs at 200+ neighborhood schools. Together, these bonds:

- Fix leaky plumbing, aging roofs, and dangerous electrical systems.
- Remove hazardous asbestos.
- Renovate fire alarms/safety doors/school security systems.

PROMISES MADE. PROMISES KEPT.

Independent Citizens Oversight Committee found Prop. S bond projects completed under budget.

San Diego Schools earned **3 Taxpayer Association "Golden Watchdog" Awards** for effective financial management and protecting Taxpayers.

PROTECT NATIONALLY RECOGNIZED TECHNOLOGY PROGRAM.

Prop. S started San Diego's Classroom Technology Program. Test scores are up every year since. Without Prop. Z, Technology funding ends.

FUNDING SCHOOLS DESPERATELY NEED.

Prop. Z helps prevent teacher layoffs and protect math, science/college prep programs.

Interest rates/constructions costs at record lows. Putting off repairs would cost millions more – funds schools need to retain teachers and educate children.

EXHIBIT A FULL TEXT OF PROPOSITION

SAN DIEGO NEIGHBORHOOD SCHOOLS CLASSROOM SAFETY AND REPAIR MEASURE OF 2012

This Proposition may be known and referred to as the "San Diego Neighborhood Schools Classroom Safety and Repair Measure of 2012" or as "Proposition Z"

BOND AUTHORIZATION

To provide financing for the specific school facilities projects listed in the Bond Project List below, and in order to qualify to receive State matching grant funds, and upon approval of this proposition by at least 55% of the registered voters voting on the proposition, the San Diego Unified School District shall be authorized to issue and sell bonds of up to \$2,800,000,000 in aggregate principal amount subject to all of the accountability safeguards specified below.

The State of California does not have lawful authority to take locally approved school district bond funds for any State purposes. Proceeds from the sale of bonds authorized by this proposition shall be used only for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities, and not for any other purpose, including teacher and administrator salaries and other school operating expenses. Proceeds of the bonds may be used to pay or reimburse the District for the cost of District staff when performing work on or necessary and incidental to the bond projects.

ACCOUNTABILITY SAFEGUARDS

The provisions in this section are specifically included in this proposition in order that the San Diego Unified School District's voters and taxpayers may be assured that their money will be spent wisely to address specific facilities needs of the San Diego Unified School District, all in compliance with the requirements of Article XIII A, Section 1(b)(3) of the State Constitution, and the Strict Accountability in Local School Construction Bonds Act of 2000 (Education Code Sections 15264 and following).

Evaluation of Needs. The Board of Education has prepared an updated facilities plan in order to evaluate and address all of the facilities needs of the San Diego Unified School District at each campus and facility, and to determine which projects to finance from a local bond at this time. The Board of Education hereby certifies that it has evaluated safety, class size reduction and information technology needs in developing the Bond Project List.

Bond Issuance Limitation. The District is required by law to make its best estimates of the ad valorem property tax rate required to be levied on all taxable property in the District to pay debt service on the proposed bonds. The District's tax rate estimates appear in the Tax Rate Statement that the Registrar is required to provide in the Voter Information Pamphlet mailed to voters in connection with the election. The limitation contained in Proposition S, approved by voters on November 4, 2008, does not extend to bonds of the District authorized and issued pursuant to an election held after the date of approval of Proposition S, and the tax rate levied to meet the debt service requirements of the bonds proposed to be issued hereunder, as estimated in the Tax Rate Statement, shall be in addition to and not included in projections related to the Proposition S tax rate limit.

Independent Citizens' Oversight Committee. The Board of Education shall establish an independent Citizens' Oversight Committee (pursuant to Education Code Section 15278 and following), to ensure bond proceeds are spent only for the school facilities projects listed in the Bond Project List. The committee shall be established within 60 days of the date when the results of the election appear in the minutes of the Board of Education. The Committee may be comprised of the same members as the Citizens' Oversight Committee for Proposition S.

Annual Performance Audits. The Board of Education shall conduct an annual, independent performance audit to ensure that the bond proceeds have been expended only on the school facilities projects listed in the Bond Project List.

Annual Financial Audits. The Board of Education shall conduct an annual, independent financial audit of the bond proceeds until all of those proceeds have been spent for the school facilities projects listed in the Bond Project List.

Special Bond Proceeds Account; Annual Report to Board. Upon approval of this proposition and the sale of any bonds approved, the Board of Education shall take actions necessary pursuant to Government Code Section 53410 and following to establish an account in which proceeds of the sale of bonds will be deposited. As long as any proceeds of the bonds remain unexpended, the Superintendent of the District shall cause a report to be filed with the Board no later than December 31 of each year, commencing December 31, 2013, stating (1) the amount of bond proceeds received and expended in that year, and (2) the status of any project funded or to be funded from bond proceeds. The report may relate to the calendar year, fiscal year, or other appropriate annual period as the Superintendent shall determine, and may be incorporated into the annual budget, audit, or other appropriate routine report to the Board.

BOND PROJECT LIST

The Bond Project List below describes the specific projects the San Diego Unified School District proposes to finance with proceeds of the bonds. Listed projects will be completed as needed at a particular school site according to Board-established priorities, and the order in which such projects appear on the Bond Project List is not an indication of priority for funding or completion. The final cost of each project will be determined as plans are finalized, construction bids are awarded, and projects are completed. Certain construction funds expected from non-bond sources, including State grant funds for eligible projects, have not yet been secured. Until all project costs and funding sources are known, the Board of Education cannot determine the amount of bond proceeds available to be spent on each project, nor guarantee that the bonds will provide sufficient funds to allow completion of all listed projects. Completion of some projects may be subject to further government approvals by State officials and boards, to local environmental review, and to input from the public. For these reasons, inclusion of a project on the Bond Project List is not a guarantee that the project will be funded or completed. The Board of Education may make changes to the Bond Project List in the future consistent with the projects specified in the proposition.

PART ONE:

Projects For All Schools Unless otherwise noted, the following projects are authorized to be completed as needed at each or any of the District's school sites:

Building Systems Repair and Replacement

- Complete major electrical, infrastructure, plumbing, sewage, structural, HVAC, and landscaping repair, upgrades and renovations to school sites including but not limited to:
 - o Replace or upgrade outdated electrical systems, aging wiring and electrical panels,
 - o Repair or replace deteriorating plumbing and underground sewer systems,
 - o Repair or replace aging, leaky roofs,
 - o Repair or replace outdated, inefficient heating, ventilation and air cooling systems to save energy and reduce maintenance costs,
 - o Repair or restore classroom and building interior and exterior finishes and fixtures,
 - o Repair or replace cracked and broken concrete sidewalks, hardscape and exterior infrastructure,
 - o Resurface, repair or upgrade asphalt parking lots and playground areas, and
 - o Repair or replace doors and windows.

School Improvements to Support Student Learning & Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching,
- Upgrade and expand information systems and technology throughout the District to support 21st century classrooms, efficient operations, student and parent services,
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs, and
- Upgrade classroom instructional technology and student connectivity devices.

College, Career and Technical Education Facility Improvements

- Upgrade and expand classrooms, labs, and specialized facilities for career and vocational technology programs.

School Improvements to Support Student Health, Safety & Security

- Replace obsolete fire alarms and outdated emergency communications systems,
- Remove, remediate and abate asbestos, mold, and other potentially dangerous substances,
- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards,
- Upgrade or install air conditioning for schools located in warmer areas,
- Upgrade and expand student food service areas and kitchens to improve student access to a variety of nutritious meals,
- Improve the seismic structural integrity of school buildings to better protect students and staff in the event of an earthquake, and
- Reconfigure second floor exiting to improve safety of ingress and egress for students.

Improve School Accessibility & Code Compliance Upgrades

- Improve accessibility for disabled persons to comply with Americans with Disabilities Act (ADA) and Title 24,
- Modernize and renovate or expand restrooms to improve accessibility,
- Modernize and renovate physical education facilities, playgrounds and fields to comply with Title IX gender equity requirements, and
- Repair aging portable classrooms to comply with code requirements.

Energy Efficiency and Sustainability

- Install energy efficient (LED/fluorescent) lighting systems with occupancy sensors,
- Install solar lighting systems,
- Increase building insulation and dual-pane windows,
- Replace older inefficient mechanical and central controls systems with energy efficient systems,
- Purchase and install solar panels and other devices to generate electricity from sunlight where feasible,
- Install innovative systems to produce energy and/or reduce consumption,
- Install recycled water systems for irrigation and make connections to recycled water supplies for irrigation purposes where feasible, and
- Install water saving efficient toilets and fixtures.

Quality Neighborhood Schools

- Plan, acquire property for and construct new classrooms and school facilities to accommodate student enrollment in neighborhood schools, including to accommodate growth in the following high school cluster areas: Clairemont High School cluster, Crawford High School cluster, Henry High School cluster, Hoover High School cluster, Kearny High School cluster, La Jolla High School cluster, Lincoln High School cluster, Madison High School cluster, Mira Mesa High School cluster, Mission Bay High School cluster, Morse High School cluster, Point Loma High School cluster, San Diego High School cluster, Scripps Ranch High School cluster, Serra High School cluster and University City High School cluster,
- Renovate existing inadequate classrooms and support facilities,
- Improve or construct school buildings, facilities, parking lots, and structures to meet the needs at neighborhood schools,
- Provide, expand or improve facilities to meet the needs of special education students,
- Improve and install playfields for student and neighborhood joint-use with the City of San Diego,
- Develop or improve education, recreation and/or community resource facilities for joint-use to support students and neighborhood families,
- Remove or replace old or inadequate buildings with new facilities,
- Remove excess portable classroom buildings to reduce utility and maintenance costs,
- Improve visual and performing arts facilities,
- Improve physical education, athletic facilities and turf fields,
- Expand classroom capacity and school facilities to meet projected area growth needs,
- Expand classroom, science/technology lab capacity and school facilities to meet projected needs,
- Expand and develop science education facilities to support students for joint-use, and
- Expand or develop joint-use athletic facilities.

Growth

- Construct school facilities to accommodate projected growth in high school cluster areas.

School Site and Classroom Funds

- Allocate at every elementary, middle, and high school \$200 per student (as "site discretionary funds") to be spent on qualified, permitted projects that shall remain property of the District.

PART TWO:

School Site Projects. Unless otherwise noted, the following projects are authorized to be completed as needed at the following school sites:

Adams Elementary School

Building Systems Repair and Replacement

- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Repair or replace deteriorated roofs
- Repair or replace deteriorating plumbing and underground sewer systems
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Repair, replace worn or damaged doors and windows
- Replace deteriorated electrical system components
- Replacement of old light fixtures and fluorescent light ballasts

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

ALBA School @North Park

Building Systems Repair and Replacement

- Replace cracked/broken exterior concrete and infrastructure
- Repair or resurface parking lots and playground surfaces in poor condition
- Repair or replace deteriorating plumbing and underground sewer systems
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Repair or replace roof systems
- Replace or restore old or broken doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Upgrade or replace deficient components of the electrical system

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Alcott Elementary School

Building Systems Repair and Replacement

- Repair deteriorated interior and exterior finishes and fixtures
- Repair or replace deteriorated roofs
- Repair, replace worn or damaged doors and windows
- Replace deteriorated electrical system components
- Replace or repair concrete sidewalks and other exterior infrastructure in poor condition
- Replacement of old light fixtures and fluorescent light ballasts
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Angier Elementary School

Building Systems Repair and Replacement

- Replace cracked/broken exterior concrete and infrastructure
- Repair deteriorated interior and exterior finishes and fixtures
- Upgrade old/deteriorated electrical systems, wiring and panels
- Patch, repair, replace building roof components
- Repair, replace plumbing and deteriorated sewer systems
- Repair, replace worn or damaged doors and windows
- Replace or upgrade auditorium sound and public address systems
- Replacement of carpeting
- Replacement of old light fixtures and fluorescent light ballasts

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Audubon K-8 School

Building Systems Repair and Replacement

- Correct interior and exterior deficiencies including finishes and fixtures
- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Repair or resurface parking lots and playground surfaces in poor condition
- Repair or replace security cameras
- Repair or upgrade outdated electrical systems, aging wiring and electrical panels
- Repair or replace roof systems
- Repair, replace worn or damaged doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Sand and refinish wood stage, gym and classroom floors
- Upgrade old plumbing and sewer systems
- School Improvements to Support Student Learning and Instruction
- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education and athletic facilities, including new gymnasium and turf field

Baker Elementary School

Building Systems Repair and Replacement

- Repair or replace aged/deteriorated plumbing and sewer systems
- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Repair deteriorated interior and exterior finishes and fixtures
- Repair or resurface parking lots and playground surfaces in poor condition
- Repair or replace doors and windows
- Repair or replace security cameras
- Repair or upgrade outdated electrical systems, aging wiring and electrical panels
- Repair or replace roof systems
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Plan and construct classrooms and school facilities to accommodate student enrollment
- Improve physical education, athletic facilities and turf fields

Balboa Elementary School

Building Systems Repair and Replacement

- Repair or replace aged/deteriorated plumbing and sewer systems
- Correct interior and exterior deficiencies including finishes and fixtures
- Replace cracked/broken exterior concrete and infrastructure
- Repair or replace doors and windows
- Replace deteriorated electrical system components
- Replace roof systems that are beyond their useful life
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Bay Park Elementary School

Building Systems Repair and Replacement

- Replace cracked/broken exterior concrete and infrastructure
- Repair deteriorated interior and exterior finishes and fixtures
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or resurface parking lots and playground surfaces in poor condition
- Repair or replace aging, leaky roofs
- Repair or replace deteriorating plumbing and underground sewer systems
- Replace or restore old or broken doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Sand and refinish wood stage, gym and classroom floors

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Bayview Terrace Elementary School

Building Systems Repair and Replacement

- Correct interior and exterior deficiencies including finishes and fixtures
- Repair or replace deteriorated roofs
- Repair or upgrade outdated electrical systems, aging wiring and electrical panels
- Replace or repair concrete sidewalks and other exterior infrastructure in poor condition
- Replace or restore old or broken doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Sand and refinish wood stage, gym and classroom floors
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Renovate facility for Chinese language program

Bell Middle School

Building Systems Repair and Replacement

- Correct interior and exterior deficiencies including finishes and fixtures
- Replace cracked/broken exterior concrete and infrastructure
- Repair or replace deteriorated roofs
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or resurface parking lots and playground surfaces in poor condition
- Repair or replace deteriorating plumbing and underground sewer systems
- Repair or replace doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Sand and refinish wood stage, gym and classroom floors

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education and athletic facilities
- Install turf fields

Benchley/Weinberger Elementary School

Building Systems Repair and Replacement

- Improve deteriorated parking lots and playground areas
- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Repair or replace doors and windows
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Repair, replace plumbing and deteriorated sewer systems
- Replace deteriorated electrical system components
- Replace roof systems that are beyond their useful life
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Bethune K-8 School

Building Systems Repair and Replacement

- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Repair or replace aging, leaky roofs
- Repair or replace doors and windows
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Replace deteriorated electrical system components
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Bird Rock Elementary School

Building Systems Repair and Replacement

- Replace cracked/broken exterior concrete and infrastructure
- Repair or resurface parking lots and playground surfaces in poor condition
- Repair or replace aging, leaky roofs
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Repair, replace plumbing and deteriorated sewer systems
- Replace deteriorated electrical system components
- Replace or restore old or broken doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Sand and refinish wood stage, gym and classroom floors

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Birney Elementary School

Building Systems Repair and Replacement

- Repair or replace aged/deteriorated plumbing and sewer systems
- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Repair or upgrade outdated electrical systems, aging wiring and electrical panels
- Repair, replace worn or damaged doors and windows
- Replace roof systems that are beyond their useful life
- Replacement of old light fixtures and fluorescent light ballasts
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards

- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Boone Elementary School

Building Systems Repair and Replacement

- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Repair or resurface parking lots and playground surfaces in poor condition
- Repair or replace aging, leaky roofs
- Repair or replace deteriorating plumbing and underground sewer systems
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Replace deteriorated electrical system components
- Replace or restore old or broken doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Burbank Elementary School

Building Systems Repair and Replacement

- Repair or replace doors and windows
- Repair or restore classroom and building interior and exterior finishes and fixtures

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Cabrillo Elementary School

Building Systems Repair and Replacement

- Repair or replace aged/deteriorated plumbing and sewer systems
- Replace cracked/broken exterior concrete and infrastructure
- Repair deteriorated interior and exterior finishes and fixtures
- Repair or resurface parking lots and playground surfaces in poor condition
- Repair or replace aging, leaky roofs
- Repair or replace doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Sand and refinish wood stage, gym and classroom floors
- Upgrade or replace deficient components of the electrical system

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Cadman Elementary School

Building Systems Repair and Replacement

- Improve worn or damaged interior and exterior finishes and fixtures
- Repair or resurface parking lots and playground surfaces in poor condition
- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Repair or replace deteriorating plumbing and underground sewer systems
- Repair or replace doors and windows
- Replace roof systems that are beyond their useful life
- Replace vinyl flooring and tile

- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Sand and refinish wood stage, gym and classroom floors
- Upgrade or replace deficient components of the electrical system

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Carson Elementary School

Building Systems Repair and Replacement

- Repair deteriorated interior and exterior finishes and fixtures
- Repair or replace deteriorated roofs
- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Repair or replace deteriorating plumbing and underground sewer systems
- Replace or restore old or broken doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces
- Upgrade or replace deficient components of the electrical system

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Carver Elementary School

Building Systems Repair and Replacement

- Correct interior and exterior deficiencies including finishes and fixtures
- Replace cracked/broken exterior concrete and infrastructure
- Repair or replace deteriorated roofs
- Upgrade old/deteriorated electrical systems, wiring and panels

- Repair or resurface parking lots and playground surfaces in poor condition
- Repair or replace doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Sand and refinish wood stage, gym and classroom floors
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Central Elementary School

Building Systems Repair and Replacement

- Significant repair and replacement needs exist, new buildings to replace current facilities

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Challenger Middle School

Building Systems Repair and Replacement

- Repair or replace aged/deteriorated plumbing and sewer systems
- Repair or replace deteriorated roofs
- Improve deteriorated parking lots and playground areas
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Repair or replace doors and windows
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Replacement of old light fixtures and fluorescent light ballasts
- Sand and refinish wood stage, gym and classroom floors

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Chavez Elementary School

Building Systems Repair and Replacement

- Door, window, hardware repairs or replacement
- Replacement of old light fixtures and fluorescent light ballasts

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Cherokee Point Elementary School

Building Systems Repair and Replacement

- Door, window, hardware repairs or replacement
- Repair or restore classroom and building interior and exterior finishes and fixtures

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Reconfigure second floor exiting to improve the safety of ingress and egress for students

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Chesterton Elementary School

Building Systems Repair and Replacement

- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Repair or replace deteriorating plumbing and underground sewer systems
- Repair or replace doors and windows
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Repair or upgrade outdated electrical systems, aging wiring and electrical panels
- Replace or upgrade auditorium sound and public address systems
- Replace playground matting systems
- Replace roof systems that are beyond their useful life
- Replacement of old light fixtures and fluorescent light ballasts
- Sand and refinish wood stage, gym and classroom floors

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Chollas/Mead Elementary School

Building Systems Repair and Replacement

- Door, window, hardware repairs or replacement
- Improve worn or damaged interior and exterior finishes and fixtures
- Repair or replace aging, leaky roofs

- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Repair or replace deteriorating plumbing and underground sewer systems
- Repair or upgrade outdated electrical systems, aging wiring and electrical panels
- Replacement of old light fixtures and fluorescent light ballasts

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Clairemont High School

Building Systems Repair and Replacement

- Correct interior and exterior deficiencies including finishes and fixtures
- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Improve deteriorated parking lots and playground areas
- Repair or replace deteriorating plumbing and underground sewer systems
- Repair or replace security cameras
- Replace deteriorated electrical system components
- Replace or upgrade auditorium sound and public address systems
- Replace roof systems that are beyond their useful life
- Replace synthetic turf at football field
- Replace or restore old or broken doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Sand and refinish wood stage, gym and classroom floors

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Modernize and renovate physical education facilities, playgrounds and fields to comply with Title IX gender equity requirements

Quality Neighborhood Schools

- Remove or replace old and inadequate buildings with new facilities
- Improve physical education, athletic facilities and turf fields

Clark Middle School

Building Systems Repair and Replacement

- Repair deteriorated interior and exterior finishes and fixtures
- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Repair, replace plumbing and deteriorated sewer systems
- Repair or replace roof systems
- Repair, replace worn or damaged doors and windows
- Replace deteriorated electrical system components
- Replace vinyl flooring and tile
- Replacement of carpeting
- Replacement of old light fixtures and fluorescent light ballasts
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Clay Elementary School

Building Systems Repair and Replacement

- Improve worn or damaged interior and exterior finishes and fixtures
- Repair or replace doors and windows
- Repair or replace roof systems
- Replace or repair concrete sidewalks and other exterior infrastructure in poor condition
- Replacement of old light fixtures and fluorescent light ballasts
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces
- Upgrade old plumbing and sewer systems
- Upgrade or replace deficient components of the electrical system

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Correia Middle School

Building Systems Repair and Replacement

- Improve deteriorated parking lots and playground areas
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Repair or replace roof systems
- Repair, replace worn or damaged doors and windows
- Replace deteriorated electrical system components
- Replace or repair concrete sidewalks and other exterior infrastructure in poor condition
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Sand and refinish wood stage, gym and classroom floors
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Remove and abate asbestos, mold, or other potentially dangerous substances
- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Crawford High School Complex

Building Systems Repair and Replacement

- Significant repair and replacement needs exist, new buildings to replace current facilities

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Modernize and renovate physical education facilities, playgrounds and fields to comply with Title IX gender equity requirements

Quality Neighborhood Schools

- Remove or replace old and inadequate buildings with new facilities
- Improve physical education, athletic facilities and turf fields
- Construct new visual and performing arts theater

Creative, Performing & Media Arts Middle School @Kroc

Building Systems Repair and Replacement

- Replace cracked/broken exterior concrete and infrastructure
- Repair deteriorated interior and exterior finishes and fixtures
- Door, window, hardware repairs or replacement
- Repair or replace deteriorating plumbing and underground sewer systems
- Replace deteriorated electrical system components
- Replace roof systems that are beyond their useful life

- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Dana Middle School

Building Systems Repair and Replacement

- Correct interior and exterior deficiencies including finishes and fixtures
- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Patch, repair, replace building roof components
- Repair, replace worn or damaged doors and windows
- Replace deteriorated electrical system components
- Replacement of old light fixtures and fluorescent light ballasts
- Sand and refinish wood stage, gym and classroom floors
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

De Portola Middle School

Building Systems Repair and Replacement

- Repair deteriorated interior and exterior finishes and fixtures
- Repair or replace deteriorated roofs
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or resurface parking lots and playground surfaces in poor condition
- Repair, replace plumbing and deteriorated sewer systems
- Replace or repair concrete sidewalks and other exterior infrastructure in poor condition
- Replace or restore old or broken doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Sand and refinish wood stage, gym and classroom floors

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Dewey Elementary School

Building Systems Repair and Replacement

- Improve worn or damaged interior and exterior finishes and fixtures
- Replace vinyl flooring and tile
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Sand and refinish wood stage, gym and classroom floors
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Dingeman Elementary School

Building Systems Repair and Replacement

- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Repair or replace security cameras
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Repair or upgrade outdated electrical systems, aging wiring and electrical panels
- Repair, replace plumbing and deteriorated sewer systems
- Repair, replace worn or damaged doors and windows
- Replace playground matting systems
- Replace roof systems that are beyond their useful life
- Replacement of old light fixtures and fluorescent light ballasts
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Doyle Elementary School

Building Systems Repair and Replacement

- Correct interior and exterior deficiencies including finishes and fixtures
- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure

- Repair or replace deteriorated roofs
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or replace doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Edison Elementary School

Building Systems Repair and Replacement

- Repair deteriorated interior and exterior finishes and fixtures
- Door, window, hardware repairs or replacement
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or replace security cameras
- Replace or repair concrete sidewalks and other exterior infrastructure in poor condition
- Replace roof systems that are beyond their useful life
- Replacement of old light fixtures and fluorescent light ballasts
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Emerson/Bandini Elementary School

Building Systems Repair and Replacement

- Replace cracked/broken exterior concrete and infrastructure
- Door, window, hardware repairs or replacement
- Improve worn or damaged interior and exterior finishes and fixtures
- Repair or resurface parking lots and playground surfaces in poor condition
- Repair or replace roof systems
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Upgrade old plumbing and sewer systems
- Upgrade or replace deficient components of the electrical system

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Encanto Elementary School

Building Systems Repair and Replacement

- Replace cracked/broken exterior concrete and infrastructure
- Improve worn or damaged interior and exterior finishes and fixtures
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or replace aging, leaky roofs
- Repair or replace security cameras
- Repair, replace plumbing and deteriorated sewer systems
- Repair, replace worn or damaged doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Ericson Elementary School

Building Systems Repair and Replacement

- Repair or replace deteriorated roofs
- Door, window, hardware repairs or replacement
- Improve worn or damaged interior and exterior finishes and fixtures
- Replace deteriorated electrical system components
- Replace or repair concrete sidewalks and other exterior infrastructure in poor condition
- Replace playground matting systems
- Replacement of old light fixtures and fluorescent light ballasts
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Euclid Elementary School

Building Systems Repair and Replacement

- Repair or replace aged/deteriorated plumbing and sewer systems
- Improve worn or damaged interior and exterior finishes and fixtures
- Repair or replace security cameras
- Repair or replace roof systems
- Repair, replace worn or damaged doors and windows
- Replace or repair concrete sidewalks and other exterior infrastructure in poor condition
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces
- Upgrade or replace deficient components of the electrical system

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Farb Middle School

Building Systems Repair and Replacement

- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Repair deteriorated interior and exterior finishes and fixtures
- Repair or replace deteriorated roofs
- Repair or replace deteriorating plumbing and underground sewer systems
- Repair or replace doors and windows
- Replace deteriorated electrical system components
- Replacement of old light fixtures and fluorescent light ballasts
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Construct new visual and performing arts theater
- Plan and construct classrooms and school facilities to accommodate student enrollment

Fay Elementary School

Building Systems Repair and Replacement

- Repair or restore classroom and building interior and exterior finishes and fixtures

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Reconfigure second floor exiting to improve the safety of ingress and egress for students

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Field Elementary School

Building Systems Repair and Replacement

- Replace cracked/broken exterior concrete and infrastructure
- Repair deteriorated interior and exterior finishes and fixtures
- Repair or replace deteriorated roofs
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or resurface parking lots and playground surfaces in poor condition
- Repair or replace doors and windows
- Repair, replace plumbing and deteriorated sewer systems
- Replacement of old light fixtures and fluorescent light ballasts

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Fletcher Elementary School

Building Systems Repair and Replacement

- Repair deteriorated interior and exterior finishes and fixtures
- Improve worn or damaged interior and exterior finishes and fixtures
- Repair or resurface parking lots and playground surfaces in poor condition
- Replace playground matting systems
- Replace vinyl flooring and tile
- Replacement of old light fixtures and fluorescent light ballasts

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Florence Elementary School

Building Systems Repair and Replacement

- Correct interior and exterior deficiencies including finishes and fixtures
- Repair or replace deteriorated roofs
- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Repair or replace doors and windows
- Repair, replace plumbing and deteriorated sewer systems
- Replacement of old light fixtures and fluorescent light ballasts
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces
- Upgrade or replace deficient components of the electrical system

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Foster Elementary School

Building Systems Repair and Replacement

- Replace cracked/broken exterior concrete and infrastructure
- Repair deteriorated interior and exterior finishes and fixtures
- Repair or replace doors and windows
- Repair, replace plumbing and deteriorated sewer systems
- Replace roof systems that are beyond their useful life
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Upgrade or replace deficient components of the electrical system

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Franklin Elementary School

Building Systems Repair and Replacement

- Door, window, hardware repairs or replacement
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or replace aging, leaky roofs
- Repair or replace deteriorating plumbing and underground sewer systems
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Replace or repair concrete sidewalks and other exterior infrastructure in poor condition
- Replacement of old light fixtures and fluorescent light ballasts
- Improve deteriorated asphalt playground areas

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Freese Elementary School

Building Systems Repair and Replacement

- Correct interior and exterior deficiencies including finishes and fixtures
- Door, window, hardware repairs or replacement
- Repair or replace aging, leaky roofs
- Replace or repair concrete sidewalks and other exterior infrastructure in poor condition
- Replace vinyl flooring and tile
- Replacement of old light fixtures and fluorescent light ballasts
- Upgrade old plumbing and sewer systems
- Upgrade or replace deficient components of the electrical system

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Fulton K-8 School

Building Systems Repair and Replacement

- Replace cracked/broken exterior concrete and infrastructure
- Repair deteriorated interior and exterior finishes and fixtures
- Repair or replace deteriorated roofs
- Repair or replace doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces
- Upgrade old plumbing and sewer systems
- Upgrade or replace deficient components of the electrical system

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve and expand physical education, athletic facilities and turf fields

Gage Elementary School

Building Systems Repair and Replacement

- Repair or replace aged/deteriorated plumbing and sewer systems
- Repair deteriorated interior and exterior finishes and fixtures
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or resurface parking lots and playground surfaces in poor condition
- Replace or repair concrete sidewalks and other exterior infrastructure in poor condition
- Replace roof systems that are beyond their useful life
- Replace or restore old or broken doors and windows
- Replacement of old light fixtures and fluorescent light ballasts

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Garfield Elementary School

Building Systems Repair and Replacement

- Repair or resurface parking lots and playground surfaces in poor condition
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Replacement of old light fixtures and fluorescent light ballasts

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Garfield High School

Building Systems Repair and Replacement

- Improve worn or damaged interior and exterior finishes and fixtures
- Replacement of old light fixtures and fluorescent light ballasts

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Golden Hill K-8 School

Building Systems Repair and Replacement

- Repair or replace doors and windows
- Repair or restore classroom and building interior and exterior finishes and fixtures

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens
- Reconfigure second floor exiting to improve the safety of ingress and egress for students

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Grant K-8 School

Building Systems Repair and Replacement

- Repair deteriorated interior and exterior finishes and fixtures
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Repair or replace doors and windows
- Replace roof systems that are beyond their useful life
- Replacement of old light fixtures and fluorescent light ballasts
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Green Elementary School

Building Systems Repair and Replacement

- Repair deteriorated interior and exterior finishes and fixtures
- Improve deteriorated parking lots and playground areas
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or replace aging, leaky roofs
- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Replace or restore old or broken doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Hage Elementary School

Building Systems Repair and Replacement

- Improve worn or damaged interior and exterior finishes and fixtures
- Repair or replace doors and windows
- Repair, replace plumbing and deteriorated sewer systems
- Replace deteriorated electrical system components
- Replace or repair concrete sidewalks and other exterior infrastructure in poor condition
- Replace roof systems that are beyond their useful life
- Replacement of old light fixtures and fluorescent light ballasts
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Hamilton Elementary School

Building Systems Repair and Replacement

- Improve worn or damaged interior and exterior finishes and fixtures
- Repair or resurface parking lots and playground surfaces in poor condition
- Repair or replace aging, leaky roofs
- Repair or upgrade outdated electrical systems, aging wiring and electrical panels
- Repair, replace worn or damaged doors and windows
- Replace or repair concrete sidewalks and other exterior infrastructure in poor condition
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Improve the seismic structural integrity of schools buildings
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Hancock Elementary School

Building Systems Repair and Replacement

- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Improve worn or damaged interior and exterior finishes and fixtures
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or replace deteriorating plumbing and underground sewer systems
- Repair or replace doors and windows
- Replace or upgrade auditorium sound and public address systems
- Replace roof systems that are beyond their useful life
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Improve the seismic structural integrity of schools buildings
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Hardy Elementary School

Building Systems Repair and Replacement

- Repair or replace aged/deteriorated plumbing and sewer systems
- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Repair or replace roof systems
- Replace or restore old or broken doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Upgrade or replace deficient components of the electrical system

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Hawthorne Elementary School

Building Systems Repair and Replacement

- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Repair or replace deteriorating plumbing and underground sewer systems
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Repair or replace roof systems
- Repair, replace worn or damaged doors and windows
- Replace deteriorated electrical system components
- Replacement of old light fixtures and fluorescent light ballasts
- Sand and refinish wood stage, gym and classroom floors

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Hearst Elementary School

Building Systems Repair and Replacement

- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Repair deteriorated interior and exterior finishes and fixtures
- Repair or resurface parking lots and playground surfaces in poor condition
- Repair or replace aging, leaky roofs
- Repair or replace doors and windows
- Repair, replace plumbing and deteriorated sewer systems
- Replace deteriorated electrical system components
- Replace or upgrade auditorium sound and public address systems
- Replacement of old light fixtures and fluorescent light ballasts
- Sand and refinish wood stage, gym and classroom floors

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Henry High School

Building Systems Repair and Replacement

- Replace cracked/broken exterior concrete and infrastructure
 - Repair deteriorated interior and exterior finishes and fixtures
- PR-32D0-48

- Door, window, hardware repairs or replacement
- Repair, replace plumbing and deteriorated sewer systems
- Replace deteriorated electrical system components
- Replace roof systems that are beyond their useful life
- Replace synthetic turf at football field
- Replace vinyl flooring and tile
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Modernize and renovate physical education facilities, playgrounds and fields to comply with Title IX gender equity requirements

Quality Neighborhood Schools

- Construct new visual and performing arts theater
- Remove or replace old and inadequate buildings with new facilities
- Improve physical education, athletic facilities and turf fields

Hickman Elementary School

Building Systems Repair and Replacement

- Improve deteriorated parking lots and playground areas
- Repair or replace aging, leaky roofs
- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Repair or replace doors and windows
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Replace deteriorated electrical system components
- Replacement of old light fixtures and fluorescent light ballasts
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Holmes Elementary School

Building Systems Repair and Replacement

- Repair deteriorated interior and exterior finishes and fixtures
- Improve deteriorated parking lots and playground areas
- Repair or replace aging, leaky roofs
- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Repair, replace plumbing and deteriorated sewer systems
- Repair, replace worn or damaged doors and windows
- Replace playground matting systems
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Upgrade or replace deficient components of the electrical system

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Hoover High School

Building Systems Repair and Replacement

- Replace cracked/broken exterior concrete and infrastructure
 - Repair or replace aging, leaky roofs
 - Repair or restore classroom and building interior and exterior finishes and fixtures
 - Repair or upgrade outdated electrical systems, aging wiring and electrical panels
- PR-32D0-50

- Replace synthetic turf at football field
- Replace vinyl flooring and tile
- Replace or restore old or broken doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Sand and refinish wood stage, gym and classroom floors
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens
- Improve the seismic structural integrity of schools buildings
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve and install playfields for student and neighborhood joint-use with the City of San Diego
- Improve visual and performing arts facilities
- Remove or replace old and inadequate buildings with new facilities
- Improve physical education, athletic facilities and turf fields

Horton Elementary School

Building Systems Repair and Replacement

- Repair or replace aging, leaky roofs
- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Repair, replace worn or damaged doors and windows
- Replace deteriorated electrical system components
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Sand and refinish wood stage, gym and classroom floors
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Ibarra Elementary School

Building Systems Repair and Replacement

- Repair or replace doors and windows
- Repair or restore classroom and building interior and exterior finishes and fixtures

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

iHigh School @Fremont

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

Innovation Middle School @MacDowell

Building Systems Repair and Replacement

- Correct interior and exterior deficiencies including finishes and fixtures
- Replace cracked/broken exterior concrete and infrastructure
- Door, window, hardware repairs or replacement
- Repair or replace deteriorating plumbing and underground sewer systems
- Repair or replace roof systems
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Upgrade or replace deficient components of the electrical system

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards

- Upgrade and install air conditioning for schools located in climate zone 2
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Jefferson Elementary School

Building Systems Repair and Replacement

- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Improve worn or damaged interior and exterior finishes and fixtures
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or resurface parking lots and playground surfaces in poor condition
- Repair, replace plumbing and deteriorated sewer systems
- Repair, replace worn or damaged doors and windows
- Replace roof systems that are beyond their useful life
- Replacement of old light fixtures and fluorescent light ballasts

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Jerabek Elementary School

Building Systems Repair and Replacement

- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Repair or replace aging, leaky roofs
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Repair, replace plumbing and deteriorated sewer systems
- Repair, replace worn or damaged doors and windows
- Replace deteriorated electrical system components
- Replacement of old light fixtures and fluorescent light ballasts

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Johnson Elementary School

Building Systems Repair and Replacement

- Correct interior and exterior deficiencies including finishes and fixtures
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Repair or replace roof systems
- Replace playground matting systems
- Replace or restore old or broken doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Jones Elementary School

Building Systems Repair and Replacement

- Repair deteriorated interior and exterior finishes and fixtures
- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Repair or replace doors and windows
- Replace roof systems that are beyond their useful life
- Replacement of carpeting
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Sand and refinish wood stage, gym and classroom floors
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces
- Upgrade old plumbing and sewer systems
- Upgrade or replace deficient components of the electrical system

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Joyner Elementary School

Building Systems Repair and Replacement

- Repair or replace doors and windows
- Repair or restore classroom and building interior and exterior finishes and fixtures

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Reconfigure second floor exiting to improve the safety of ingress and egress for students

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Expand and develop science education facilities to support students for joint-use

Juarez Elementary School

Building Systems Repair and Replacement

- Replace cracked/broken exterior concrete and infrastructure
- Door, window, hardware repairs or replacement
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or resurface parking lots and playground surfaces in poor condition
- Repair or restore classroom and building interior and exterior finishes and fixtures

- Replace roof systems that are beyond their useful life
- Replacement of old light fixtures and fluorescent light ballasts
- Sand and refinish wood stage, gym and classroom floors
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Kearny High School Complex

Building Systems Repair and Replacement

- Correct interior and exterior deficiencies including finishes and fixtures
- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Repair or replace roof systems
- Repair, replace worn or damaged doors and windows
- Replace synthetic turf at football field
- Replacement of carpeting
- Replacement of old light fixtures and fluorescent light ballasts
- Sand and refinish wood stage, gym and classroom floors
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces
- Upgrade old plumbing and sewer systems
- Upgrade or replace deficient components of the electrical system

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Improve the seismic structural integrity of schools buildings
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Remove or replace old and inadequate buildings with new facilities

Kimbrough Elementary School

Building Systems Repair and Replacement

- Improve worn or damaged interior and exterior finishes and fixtures
- Repair or replace security cameras
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Replace playground matting systems
- Replacement of old light fixtures and fluorescent light ballasts

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Knox Middle School

Building Systems Repair and Replacement

- Repair or replace aging, leaky roofs
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Repair or upgrade outdated electrical systems, aging wiring and electrical panels
- Repair, replace plumbing and deteriorated sewer systems
- Repair, replace worn or damaged doors and windows
- Replace or repair concrete sidewalks and other exterior infrastructure in poor condition
- Replacement of old light fixtures and fluorescent light ballasts

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Construct new visual and performing arts theater
- Improve physical education and athletic facilities to include a new gymnasium
- Remodel student support and administration facilities

Kumeyaay Elementary School

Building Systems Repair and Replacement

- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Improve worn or damaged interior and exterior finishes and fixtures
- Repair or replace aging, leaky roofs
- Repair, replace worn or damaged doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Upgrade old plumbing and sewer systems
- Upgrade or replace deficient components of the electrical system

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

La Jolla Elementary School

Building Systems Repair and Replacement

- Repair or replace deteriorated roofs
- Improve worn or damaged interior and exterior finishes and fixtures
- Repair or resurface parking lots and playground surfaces in poor condition
- Repair or upgrade outdated electrical systems, aging wiring and electrical panels
- Replace or repair concrete sidewalks and other exterior infrastructure in poor condition
- Replace or restore old or broken doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

La Jolla High School

Building Systems Repair and Replacement

- Repair deteriorated interior and exterior finishes and fixtures
- Repair or replace aging, leaky roofs
- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Repair or upgrade outdated electrical systems, aging wiring and electrical panels
- Repair, replace plumbing and deteriorated sewer systems
- Repair, replace worn or damaged doors and windows
- Replace synthetic turf at football field
- Replacement of old light fixtures and fluorescent light ballasts
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Modernize and renovate physical education facilities, playgrounds and fields to comply with Title IX gender equity requirements

Quality Neighborhood Schools

- Remove or replace old and inadequate buildings with new facilities
- Improve physical education, athletic facilities and turf fields

Lafayette Elementary School

Building Systems Repair and Replacement

- Replace cracked/broken exterior concrete and infrastructure
- Repair deteriorated interior and exterior finishes and fixtures
- Repair or replace aging, leaky roofs
- Repair or replace deteriorating plumbing and underground sewer systems
- Repair or replace doors and windows
- Replace deteriorated electrical system components
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Language Academy K-8

Building Systems Repair and Replacement

- Improve deteriorated parking lots and playground areas
- Improve worn or damaged interior and exterior finishes and fixtures
- Repair or replace security cameras
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Repair or upgrade outdated electrical systems, aging wiring and electrical panels
- Replace or repair concrete sidewalks and other exterior infrastructure in poor condition
- Replace playground matting systems
- Replace roof systems that are beyond their useful life
- Replace or restore old or broken doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Lee Elementary School

Building Systems Repair and Replacement

- Improve deteriorated parking lots and playground areas
- Improve worn or damaged interior and exterior finishes and fixtures
- Repair or replace aging, leaky roofs
- Repair or replace doors and windows
- Repair, replace plumbing and deteriorated sewer systems
- Replace or repair concrete sidewalks and other exterior infrastructure in poor condition
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Upgrade or replace deficient components of the electrical system

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Lewis Middle School

Building Systems Repair and Replacement

- Repair deteriorated interior and exterior finishes and fixtures
- Door, window, hardware repairs or replacement
- Improve deteriorated parking lots and playground areas
- Repair or replace deteriorating plumbing and underground sewer systems
- Replace deteriorated electrical system components
- Replace or repair concrete sidewalks and other exterior infrastructure in poor condition
- Replace roof systems that are beyond their useful life
- Replacement of carpeting
- Replacement of old light fixtures and fluorescent light ballasts
- Sand and refinish wood stage, gym and classroom floors

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Lincoln High School

Building Systems Repair and Replacement

- Correct interior and exterior deficiencies including finishes, paint and fixtures
- Repair or replace doors and windows
- Replace synthetic turf at football field

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens
- Expand and improve paved areas, including near loading dock
- Improve the seismic structural integrity of the old gymnasium

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24 including the construction of exterior ramps and handrails
- Modernize and renovate physical education facilities, playgrounds and fields to comply with Title IX gender equity requirements

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Linda Vista Elementary School

Building Systems Repair and Replacement

- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Improve worn or damaged interior and exterior finishes and fixtures
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or replace aging, leaky roofs
- Replace or restore old or broken doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Lindbergh/Schweitzer Elementary School

Building Systems Repair and Replacement

- Repair or replace aged/deteriorated plumbing and sewer systems
- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Repair deteriorated interior and exterior finishes and fixtures
- Repair or replace doors and windows
- Repair or upgrade outdated electrical systems, aging wiring and electrical panels
- Replace roof systems that are beyond their useful life
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Sand and refinish wood stage, gym and classroom floors

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Logan K-8 School

Building Systems Repair and Replacement

- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or replace aging, leaky roofs
- Repair or replace deteriorating plumbing and underground sewer systems
- Repair or replace security cameras
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Replace or repair concrete sidewalks and other exterior infrastructure in poor condition
- Replace or restore old or broken doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Loma Portal Elementary School

Building Systems Repair and Replacement

- Repair or replace aged/deteriorated plumbing and sewer systems
- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Improve deteriorated parking lots and playground areas
- Improve worn or damaged interior and exterior finishes and fixtures
- Repair or replace doors and windows
- Replace roof systems that are beyond their useful life
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Sand and refinish wood stage, gym and classroom floors
- Upgrade or replace deficient components of the electrical system

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Modernize and renovate physical education facilities, playgrounds and fields to comply with Title IX gender equity requirements

Quality Neighborhood Schools

- Remove or replace old and inadequate buildings with new facilities
- Improve physical education, athletic facilities and turf fields

Mann Middle School

Building Systems Repair and Replacement

- Significant repair and replacement needs exist, new buildings to replace current facilities

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve visual and performing arts facilities
- Remove or replace old and inadequate buildings with new facilities

Marcy Avenue Complex

Building Systems Repair and Replacement

- Improve deteriorated parking lots and playground areas
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Replacement of old light fixtures and fluorescent light ballasts

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Marshall Elementary School

Building Systems Repair and Replacement

- Correct interior and exterior deficiencies including finishes and fixtures
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or replace aging, leaky roofs
- Repair or replace security cameras
- Repair, replace plumbing and deteriorated sewer systems
- Replace or repair concrete sidewalks and other exterior infrastructure in poor condition
- Replace or upgrade auditorium sound and public address systems
- Replace or restore old or broken doors and windows
- Replacement of old light fixtures and fluorescent light ballasts

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Marshall Middle School

Building Systems Repair and Replacement

- Correct interior and exterior deficiencies including finishes and fixtures
- Door, window, hardware repairs or replacement

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Marston Middle School

Building Systems Repair and Replacement

- Replace cracked/broken exterior concrete and infrastructure
- Repair or replace deteriorated roofs
- Improve worn or damaged interior and exterior finishes and fixtures
- Repair or resurface parking lots and playground surfaces in poor condition
- Repair or upgrade outdated electrical systems, aging wiring and electrical panels
- Repair, replace worn or damaged doors and windows
- Replace or upgrade auditorium sound and public address systems
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Sand and refinish wood stage, gym and classroom floors
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Marvin Elementary School

Building Systems Repair and Replacement

- Repair deteriorated interior and exterior finishes and fixtures
- Improve deteriorated parking lots and playground areas
- Upgrade old/deteriorated electrical systems, wiring and panels

- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Repair, replace plumbing and deteriorated sewer systems
- Repair or replace roof systems
- Repair, replace worn or damaged doors and windows
- Replace or upgrade auditorium sound and public address systems
- Replacement of old light fixtures and fluorescent light ballasts

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Mason Elementary School

Building Systems Repair and Replacement

- Repair or replace aged/deteriorated plumbing and sewer systems
- Repair deteriorated interior and exterior finishes and fixtures
- Repair or replace deteriorated roofs
- Door, window, hardware repairs or replacement
- Improve deteriorated parking lots and playground areas
- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Replace playground matting systems
- Replacement of carpeting
- Replacement of old light fixtures and fluorescent light ballasts
- Upgrade or replace deficient components of the electrical system

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

McKinley Elementary School

Building Systems Repair and Replacement

- Repair or replace aged/deteriorated plumbing and sewer systems
- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Repair deteriorated interior and exterior finishes and fixtures
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or replace doors and windows
- Replace playground matting systems
- Replace roof systems that are beyond their useful life
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Memorial Preparatory Middle School

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21 century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Millennial Tech Middle School

Building Systems Repair and Replacement

- Correct interior and exterior deficiencies including finishes and fixtures
- Replace or repair concrete sidewalks and other exterior infrastructure in poor condition
- Replace or restore old or broken doors and windows

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Construct new visual and performing arts theater
- Improve physical education and athletic facilities to include a new gymnasium

Miller Elementary School

Building Systems Repair and Replacement

- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Improve worn or damaged interior and exterior finishes and fixtures
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or replace aging, leaky roofs
- Repair, replace plumbing and deteriorated sewer systems

- Replace or restore old or broken doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Improve the seismic structural integrity of schools buildings

- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Mira Mesa High School

Building Systems Repair and Replacement

- Repair or replace aging, leaky roofs
- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Repair or upgrade outdated electrical systems, aging wiring and electrical panels
- Repair, replace worn or damaged doors and windows
- Replace synthetic turf at football field
- Replacement of old light fixtures and fluorescent light ballasts
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Modernize and renovate physical education facilities, playgrounds and fields to comply with Title IX gender equity requirements

Quality Neighborhood Schools

- Remove or replace old and inadequate buildings with new facilities
- Improve physical education, athletic facilities and turf fields

Miramar Ranch Elementary School

Building Systems Repair and Replacement

- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Repair or replace deteriorated roofs
- Improve worn or damaged interior and exterior finishes and fixtures
- Repair or resurface parking lots and playground surfaces in poor condition
- Repair or replace deteriorating plumbing and underground sewer systems

- Repair, replace worn or damaged doors and windows
- Replace deteriorated electrical system components
- Replacement of old light fixtures and fluorescent light ballasts

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Mission Bay High School

Building Systems Repair and Replacement

- Repair deteriorated interior and exterior finishes and fixtures
- Repair or replace deteriorated roofs
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Repair or replace security cameras
- Replace synthetic turf at football field
- Replace or restore old or broken doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens
- Improve the seismic structural integrity of schools buildings
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

- Modernize and renovate physical education facilities, playgrounds and fields to comply with Title IX gender equity requirements

Quality Neighborhood Schools

- Remove or replace old and inadequate buildings with new facilities
- Improve physical education, athletic facilities and turf fields

Montgomery Middle School

Building Systems Repair and Replacement

- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Repair or resurface parking lots and playground surfaces in poor condition
- Repair or replace deteriorating plumbing and underground sewer systems
- Repair or replace security cameras
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Repair or upgrade outdated electrical systems, aging wiring and electrical panels
- Replace roof systems that are beyond their useful life
- Replace or restore old or broken doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Upgrade and install air conditioning for schools located in climate zone 2
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Morse High School

Building Systems Repair and Replacement

- Repair deteriorated interior and exterior finishes and fixtures
- Repair or replace deteriorated roofs
- Door, window, hardware repairs or replacement
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or replace security cameras
- Repair, replace plumbing and deteriorated sewer systems
- Replace or repair concrete sidewalks and other exterior infrastructure in poor condition
- Replace synthetic turf at football field
- Improve amphitheatre and replace audio system

- Replace vinyl flooring and tile
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Sand and refinish wood stage, gym and classroom floors
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Modernize and renovate physical education facilities, playgrounds and fields to comply with Title IX gender equity requirements

Quality Neighborhood Schools

- Develop a pedestrian path-of-travel connecting the Fulton and Morse campuses
- Construct new visual and performing arts theater
- Improve physical education, athletic facilities, soccer field and turf fields
- Construct new gymnasium

Mt. Everest Academy @Wiggin

Building Systems Repair and Replacement

- Improve worn or damaged interior and exterior finishes and fixtures
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or resurface parking lots and playground surfaces in poor condition
- Repair or replace aging, leaky roofs
- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Repair or replace doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Muir K-12 School @Anderson

Building Systems Repair and Replacement

- Repair or replace aged/deteriorated plumbing and sewer systems
- Replace cracked/broken exterior concrete and infrastructure
- Repair deteriorated interior and exterior finishes and fixtures
- Improve deteriorated parking lots and playground areas
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or replace security cameras
- Replace roof systems that are beyond their useful life
- Replace vinyl flooring and tile
- Replace or restore old or broken doors and windows
- Replacement of old light fixtures and fluorescent light ballasts

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Muirlands Middle School

Building Systems Repair and Replacement

- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Repair or replace doors and windows
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Repair, replace plumbing and deteriorated sewer systems
- Repair or replace roof systems
- Replace deteriorated electrical system components
- Replacement of old light fixtures and fluorescent light ballasts
- Sand and refinish wood stage, gym and classroom floors

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Normal Heights Elementary School

Building Systems Repair and Replacement

- Repair or replace doors and windows
- Repair or restore classroom and building interior and exterior finishes and fixtures

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Nye Elementary School

Building Systems Repair and Replacement

- Correct interior and exterior deficiencies including finishes and fixtures
- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Repair or replace roof systems
- Replace deteriorated electrical system components
- Replace or restore old or broken doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching

- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Oak Park Elementary School

Building Systems Repair and Replacement

- Repair or resurface parking lots and playground surfaces in poor condition
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Repair, replace plumbing and deteriorated sewer systems
- Repair or replace roof systems
- Repair, replace worn or damaged doors and windows
- Replace or repair concrete sidewalks and other exterior infrastructure in poor condition
- Replace or upgrade auditorium sound and public address systems
- Replace playground matting systems
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Upgrade or replace deficient components of the electrical system

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Construct new visual and performing arts theater
- Remove or replace old and inadequate buildings with new facilities
- Improve physical education, athletic facilities and turf fields

Ocean Beach Elementary School

Building Systems Repair and Replacement

- Replace cracked/broken exterior concrete and infrastructure
 - Repair deteriorated interior and exterior finishes and fixtures
 - Repair or resurface parking lots and playground surfaces in poor condition
- PR-32D0-78

- Repair or replace aging, leaky roofs
- Repair or replace deteriorating plumbing and underground sewer systems
- Repair or replace doors and windows
- Replace deteriorated electrical system components
- Replacement of old light fixtures and fluorescent light ballasts

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Pacific Beach Elementary School

Building Systems Repair and Replacement

- Repair or replace aged/deteriorated plumbing and sewer systems
- Improve deteriorated parking lots and playground areas
- Improve worn or damaged interior and exterior finishes and fixtures
- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Repair or replace doors and windows
- Repair or upgrade outdated electrical systems, aging wiring and electrical panels
- Replace roof systems that are beyond their useful life
- Replacement of old light fixtures and fluorescent light ballasts

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Pacific Beach Middle School

Building Systems Repair and Replacement

- Correct interior and exterior deficiencies including finishes and fixtures
 - Repair or replace deteriorated roofs
- PR-32D0-79

- Repair or replace doors and windows
- Replace or repair concrete sidewalks and other exterior infrastructure in poor condition
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces
- Upgrade old plumbing and sewer systems
- Upgrade or replace deficient components of the electrical system

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Plan and construct classrooms and school facilities to accommodate student enrollment
- Improve physical education, athletic facilities and turf fields

Paradise Hills Elementary School

Building Systems Repair and Replacement

- Replace cracked/broken exterior concrete and infrastructure
- Repair or resurface parking lots and playground surfaces in poor condition
- Repair or replace doors and windows
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Repair or replace roof systems
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Sand and refinish wood stage, gym and classroom floors
- Upgrade old plumbing and sewer systems
- Upgrade or replace deficient components of the electrical system

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Penn Elementary School

Building Systems Repair and Replacement

- Correct interior and exterior deficiencies including finishes and fixtures
- Replace cracked/broken exterior concrete and infrastructure
- Improve deteriorated parking lots and playground areas
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or replace roof systems
- Replace or restore old or broken doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Perkins K-8 School

Building Systems Repair and Replacement

- Repair or replace aged/deteriorated plumbing and sewer systems
- Correct interior and exterior deficiencies including finishes and fixtures
- Repair or replace deteriorated roofs
- Door, window, hardware repairs or replacement
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or replace security cameras
- Replace or repair concrete sidewalks and other exterior infrastructure in poor condition
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve and install playfields for student and neighborhood joint-use with the City of San Diego
- Plan and construct classrooms and school facilities to accommodate student enrollment
- Improve physical education, athletic facilities and turf fields

Perry Elementary School

Building Systems Repair and Replacement

- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Repair or replace deteriorated roofs
- Improve worn or damaged interior and exterior finishes and fixtures
- Repair or upgrade outdated electrical systems, aging wiring and electrical panels
- Repair, replace worn or damaged doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Pershing Middle School

Building Systems Repair and Replacement

- Repair or replace aged/deteriorated plumbing and sewer systems
- Repair deteriorated interior and exterior finishes and fixtures
- Improve deteriorated parking lots and playground areas
- Repair, replace worn or damaged doors and windows
- Replace deteriorated electrical system components
- Replace or repair concrete sidewalks and other exterior infrastructure in poor condition
- Replace roof systems that are beyond their useful life
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Sand and refinish wood stage, gym and classroom floors

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Point Loma High School

Building Systems Repair and Replacement

- Replace cracked/broken exterior concrete and infrastructure
- Improve worn or damaged interior and exterior finishes and fixtures
- Repair or replace security cameras
- Repair, replace plumbing and deteriorated sewer systems
- Repair or replace roof systems
- Repair, replace worn or damaged doors and windows
- Replace deteriorated electrical system components
- Replace synthetic turf at football field
- Replacement of old light fixtures and fluorescent light ballasts
- Sand and refinish wood stage, gym and classroom floors

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Modernize and renovate physical education facilities, playgrounds and fields to comply with Title IX gender equity requirements

Quality Neighborhood Schools

- Improve visual and performing arts facilities

- Plan and construct classrooms and school facilities to accommodate student enrollment
- Improve physical education, athletic facilities and turf fields

Porter Elementary School Complex

Building Systems Repair and Replacement

- Repair or replace doors and windows
- Repair or restore classroom and building interior and exterior finishes and fixtures

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Improve communication system that connects North and South Campuses

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Riley/New Dawn Schools

Building Systems Repair and Replacement

- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Door, window, hardware repairs or replacement
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Repair, replace plumbing and deteriorated sewer systems
- Repair or replace roof systems
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Sand and refinish wood stage, gym and classroom floors
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Rodriguez Elementary School

Building Systems Repair and Replacement

- Repair or replace doors and windows

PR-32D0-84

SD 000-000

- Repair or restore classroom and building interior and exterior finishes and fixtures

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Rolando Park Elementary School

Building Systems Repair and Replacement

- Replace cracked/broken exterior concrete and infrastructure
- Improve worn or damaged interior and exterior finishes and fixtures
- Repair, replace plumbing and deteriorated sewer systems
- Repair, replace worn or damaged doors and windows
- Replace deteriorated electrical system components
- Replace roof systems that are beyond their useful life
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Roosevelt Middle School

Building Systems Repair and Replacement

- Improve worn or damaged interior and exterior finishes and fixtures
- Repair or replace aging, leaky roofs
- Repair or replace deteriorating plumbing and underground sewer systems
- Repair or upgrade outdated electrical systems, aging wiring and electrical panels
- Replace or repair concrete sidewalks and other exterior infrastructure in poor condition
- Replace or restore old or broken doors and windows
- Replacement of old light fixtures and fluorescent light ballasts

- Resurfacing and grading of decomposed granite playgrounds and fields
- Sand and refinish wood stage, gym and classroom floors

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Rosa Parks Elementary School

Building Systems Repair and Replacement

- Repair deteriorated interior and exterior finishes and fixtures
- Repair or replace security cameras
- Replacement of old light fixtures and fluorescent light ballasts

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Ross Elementary School

Building Systems Repair and Replacement

- Replacement of old light fixtures and fluorescent light ballasts
- Sand and refinish wood stage, gym and classroom floors
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching

- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Rowan Elementary School

Building Systems Repair and Replacement

- Repair or resurface parking lots and playground surfaces in poor condition
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards

- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

- Repair aging portable classrooms to comply with code requirements

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

School of Creative and Performing Arts

Building Systems Repair and Replacement

- Repair or replace aged/deteriorated plumbing and sewer systems
- Correct interior and exterior deficiencies including finishes and fixtures
- Repair or replace deteriorated roofs
- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Repair or replace security cameras
- Repair or upgrade outdated electrical systems, aging wiring and electrical panels
- Replace or restore old or broken doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and expand student food service areas and kitchens
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Scripps Elementary School

Building Systems Repair and Replacement

- Correct interior and exterior deficiencies including finishes and fixtures

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Scripps Ranch High School

Building Systems Repair and Replacement

- Correct interior and exterior deficiencies including finishes and fixtures
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Repair or replace doors and windows
- Repair, replace plumbing and deteriorated sewer systems
- Repair or replace roof systems
- Replace synthetic turf at football field

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Modernize and renovate physical education facilities, playgrounds and fields to comply with Title IX gender equity requirements

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Sessions Elementary School

Building Systems Repair and Replacement

- Door, window, hardware repairs or replacement
- Improve deteriorated parking lots and playground areas
- Improve worn or damaged interior and exterior finishes and fixtures
- Repair or replace aging, leaky roofs
- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Repair or upgrade outdated electrical systems, aging wiring and electrical panels
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Sherman Elementary School

Building Systems Repair and Replacement

- Repair or replace doors and windows
- Repair or restore classroom and building interior and exterior finishes and fixtures

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Reconfigure second floor exiting to improve the safety of ingress and egress for students

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Plan and construct classrooms and school facilities to accommodate student enrollment

Silver Gate Elementary School

Building Systems Repair and Replacement

- Correct interior and exterior deficiencies including finishes and fixtures
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Replace playground matting systems
- Replace roof systems that are beyond their useful life
- Replace or restore old or broken doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Sand and refinish wood stage, gym and classroom floors
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Spreckels Elementary School

Building Systems Repair and Replacement

- Repair deteriorated interior and exterior finishes and fixtures
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair, replace worn or damaged doors and windows
- Replace or repair concrete sidewalks and other exterior infrastructure in poor condition
- Replace playground matting systems
- Replace roof systems that are beyond their useful life
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching

- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Upgrade and expand student food service areas and kitchens

- Improve the seismic structural integrity of schools buildings
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Modernize and renovate physical education facilities, playgrounds and fields to comply with Title IX gender equity requirements

Quality Neighborhood Schools

- Plan and construct classrooms and school facilities to accommodate student enrollment
- Improve physical education, athletic facilities and turf fields

Valencia Park Elementary School

Building Systems Repair and Replacement

- Correct interior and exterior deficiencies including finishes and fixtures
- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Door, window, hardware repairs or replacement
- Repair or replace aging, leaky roofs
- Repair or upgrade outdated electrical systems, aging wiring and electrical panels
- Repair, replace plumbing and deteriorated sewer systems
- Replacement of old light fixtures and fluorescent light ballasts
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Vista Grande Elementary School

Building Systems Repair and Replacement

- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Repair or replace deteriorated roofs
- Door, window, hardware repairs or replacement
- Improve deteriorated parking lots and playground areas
- Improve worn or damaged interior and exterior finishes and fixtures
- Repair or replace deteriorating plumbing and underground sewer systems
- Replace deteriorated electrical system components
- Replacement of old light fixtures and fluorescent light ballasts

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching

- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Walker Elementary School

Building Systems Repair and Replacement

- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Upgrade old/deteriorated electrical systems, wiring and panels
- Repair or replace deteriorating plumbing and underground sewer systems
- Repair or replace doors and windows
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Repair or replace roof systems
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Wangenheim Middle School

Building Systems Repair and Replacement

- Repair deteriorated interior and exterior finishes and fixtures
- Door, window, hardware repairs or replacement
- Repair or replace cracked and broken concrete sidewalks, hardscape, and exterior infrastructure
- Repair or replace deteriorating plumbing and underground sewer systems
- Repair or replace roof systems
- Replace deteriorated electrical system components
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Improve the seismic structural integrity of schools buildings
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24
- Repair aging portable classrooms to comply with code requirements

Washington Elementary School

Building Systems Repair and Replacement

- Replace cracked/broken exterior concrete and infrastructure
- Repair or replace deteriorated roofs
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Repair, replace plumbing and deteriorated sewer systems
- Replace deteriorated electrical system components
- Replace or restore old or broken doors and windows

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Webster Elementary School

Building Systems Repair and Replacement

- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Repair or replace deteriorating plumbing and underground sewer systems

- Repair or restore classroom and building interior and exterior finishes and fixtures
- Repair or upgrade outdated electrical systems, aging wiring and electrical panels
- Repair, replace worn or damaged doors and windows
- Replace roof systems that are beyond their useful life

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Remove and abate asbestos, mold, or other potentially dangerous substances
- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Wegeforth Elementary School

Building Systems Repair and Replacement

- Correct interior and exterior deficiencies including finishes and fixtures
- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Replace deteriorated electrical system components
- Replace roof systems that are beyond their useful life
- Replace or restore old or broken doors and windows
- Replacement of carpeting
- Replacement of old light fixtures and fluorescent light ballasts
- Sand and refinish wood stage, gym and classroom floors
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces
- Upgrade old plumbing and sewer systems

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Whitman Elementary School

Building Systems Repair and Replacement

- Repair or replace aging, leaky roofs
- Repair or replace doors and windows
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Repair, replace plumbing and deteriorated sewer systems
- Replace or repair concrete sidewalks and other exterior infrastructure in poor condition
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces
- Upgrade or replace deficient components of the electrical system

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Quality Neighborhood Schools

- Improve physical education, athletic facilities and turf fields

Whittier K-12 School

Building Systems Repair and Replacement

- Repair or replace aged/deteriorated plumbing and sewer systems
- Replace cracked/broken exterior concrete and infrastructure
- Repair or replace doors and windows
- Repair or restore classroom and building interior and exterior finishes and fixtures
- Replace roof systems that are beyond their useful life
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Sand and refinish wood stage, gym and classroom floors
- Upgrade or replace deficient components of the electrical system

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Wilson Middle School

Building Systems Repair and Replacement

- Significant repair and replacement needs exist, new buildings to replace current facilities

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

College, Career and Technical Education Facility Improvements

- Construct college, career and technical education facilities

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Upgrade and install air conditioning for schools located in climate zone 2
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

Zamorano Elementary School

Building Systems Repair and Replacement

- Repair or replace aged/deteriorated plumbing and sewer systems
- Repair or replace damaged or broken hardscape surfaces and exterior infrastructure
- Improve worn or damaged interior and exterior finishes and fixtures
- Repair or replace aging, leaky roofs
- Repair or upgrade outdated electrical systems, aging wiring and electrical panels
- Replace or restore old or broken doors and windows
- Replacement of old light fixtures and fluorescent light ballasts
- Resurfacing and grading of decomposed granite playgrounds and fields
- Upgrade damaged, deteriorated asphalt parking lots and playground surfaces

School Improvements to Support Student Learning and Instruction

- Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching
- Upgrade wired and wireless infrastructure and equipment to support technology systems and leverage federal and state matching funds for school technology programs

School Improvements to Support Student Health, Safety and Security

- Provide school site security improvements, including increased lighting, fencing, and vandalism and intrusion safeguards
- Replace obsolete fire alarms and update emergency communications systems

Improve School Accessibility and Code Compliance Upgrades

- Improve accessibility for disabled persons and comply with Americans with Disabilities Act (ADA) and Title 24

PART THREE:

Specific Charter School Projects. Public charter school projects may include any of the types of facility improvements and other project work described in Part 1 above. In addition, unless otherwise noted, the following projects are authorized to be completed at each or any of charter school sites located within the District:

- Site reconfiguration to better accommodate charter school co-location,
- Development of new facilities for charter schools,
- Consistent with the District's obligation under Proposition 39 (approved by California voters in November 2000) and Section 47614 of the Education Code, provide classroom capacity, including furnishings and equipment, for in-district charter school students at a level comparable to students attending district-run schools, and
- Construction, reconstruction, rehabilitation, or replacement of charter school facilities, including the furnishing and equipping of charter school facilities, or the acquisition or lease of real property for charter school facilities.

The District shall set aside from the proceeds of bonds authorized hereunder \$350 million for completion of the projects listed in this Part Three; however, the Board of Education may adjust such amount after the date hereof to reflect a change in the proportion of students residing in the District who attend charter schools. In approving the expenditures for projects listed in this Part Three, the Board of Education shall take into consideration the recommendations of a special committee established by the District for such purpose that is comprised of a majority of representatives of the charter school community.

GENERAL PROVISIONS

Each project in the Bond Project List above is assumed to include its share of costs of the election and bond issuance and other construction-related costs, such as construction management, architectural, engineering, inspection and other planning costs, legal, accounting and similar fees, independent annual financial and performance audits, a customary construction contingency, and other costs incidental to and necessary for completion of the listed projects (whether work is performed by the District or by third parties), including:

- Remove, dispose of, and otherwise remediate hazardous materials, including asbestos, lead, etc., where necessary,
- Address unforeseen conditions revealed by construction or modernization (including plumbing or gas line breaks, dry rot, seismic, structural, etc.),
- Other improvements required to comply with existing building codes, including the Field Act, and access requirements of the Americans with Disabilities Act (ADA),
- Necessary site preparation/restoration in connection with new construction, renovation or remodeling, or installation or removal of relocatable classrooms, including ingress, egress, parking and student dropoff, traffic lights and mitigation; demolition of existing structures; removing, replacing, or installing irrigation, drainage, utility lines (gas, water, sewer, electrical, data and voice, etc.), trees and landscaping; relocating fire access roads; and acquiring any necessary easements, licenses, or rights of way to the property,
- Rent or construct storage facilities and other space on an interim basis, as needed to accommodate construction materials, equipment, and personnel, and interim classrooms (including relocatables) for students and school functions or other storage for classroom materials displaced during construction,
- Acquisition of any of the facilities on the Bond Project List through temporary lease or lease-purchase arrangements, or execute purchase option under a lease for any of these authorized facilities,

- Furnishing and equipping of existing and newly constructed, modernized or rehabilitated classrooms and facilities on an ongoing basis, including to replace worn, broken, or out-of-date furniture and equipment for all classrooms, athletic facilities and other facilities, as needed, and
- Repair, upgrade, modify, expand, refinish, replace and construct site improvements, including off-street parking areas, pickup/dropoff, signage, paths, sidewalks and walkways, canopies, hard courts (student play areas), athletic play fields, swimming pools, landscaping, irrigation, permanent athletic field equipment and facilities (including basketball standards, goals and goalposts, backstops), field lighting, etc.

FURTHER SPECIFICATIONS

Specific Purposes. All of the purposes enumerated in this proposition shall be united and voted upon as one single proposition, pursuant to Education Code Section 15100, and shall constitute the specific purposes of the bonds, and proceeds of the bonds shall be spent only for such purposes, pursuant to Government Code Section 53410.

Joint Use. The District may enter into agreements with the City of San Diego, County of San Diego, or other public agencies or nonprofit organizations for joint use of school facilities financed with the proceeds of the bonds in accordance with Education Code Section 17077.42 (or any successor provision). The District may seek State grant funds for eligible joint-use projects as permitted by law, and this proposition hereby specifies and acknowledges that bond funds will or may be used to fund all or a portion of the local share for any eligible joint-use projects identified in the Bond Project List or as otherwise permitted by California State regulations, as the Board of Education shall determine.

Sustainability Standards. The Board of Education has adopted Guidelines for Sustainable Construction, requiring design professionals and staff to follow California's Collaborative for High Performance Schools (CHPS) standards and best practices for all future District building projects. These standards incorporate the latest green building practices to reduce operating costs, reduce environmental impact, and increase building life, while creating schools that are healthy, comfortable, well lit and well equipped.

The District intends to incorporate sustainable site design, water conservation, energy efficiency, improving indoor air quality and incorporating sustainable materials and products into the bond projects, emphasizing long term life cycle cost analysis in its design process. It is intended that planned maintenance work will also incorporate improvements to existing facilities with respect to sustainability and energy conservation, whenever feasible.

Other Terms of the Bonds. When sold, the bonds shall bear interest at an annual rate not exceeding the statutory maximum, payable at the time or times permitted by law. The bonds will be issued and sold in several series, and no bond shall be made to mature more than the legal maximum of 40 years from the date borne by that bond.

Renovation/Modernization. For purposes of the Bond Project List, renovation and modernization projects are intended to restore the building systems and infrastructure, weather protections, finishes, and technology, or reallocate and reorganize space, to a condition that will provide a sustainable, functional educational and administrative environment for future years, comparable to new construction. Renovation projects may include, but are not limited to nor necessarily encompass, all of the following, depending upon the age, condition and needs of each particular school facility:

- upgrade electrical, communication (including data and voice), fire alarm, and similar building systems as well as main power service and distribution, which may include active and passive solar power and heating system acquisition, installation and construction,
- replace, repair or upgrade plumbing, piping and drainage systems, including gas and water supply, meters, water heating, and wastewater systems, plumbing fixtures and sinks, fire sprinkler systems, etc., within buildings and sites and connections to city supply and drainage systems,

- replace or modify aging heating, ventilation and air cooling systems with energy-efficient heating and air cooling systems (HVAC), including installing energy management systems (EMS),
- replace, modify, upgrade interior lighting and exterior safety/security lighting systems and fixtures, as necessary,
- repair, modify and construct structural elements of the existing structure as necessary,
- renovate or restore historical buildings,
- replace or repair aging roofs with similar materials or District standard materials,
- replace, repair, install and construct, as necessary, interior spaces: walls, floor and ceiling finishes, doors, door locks, windows, cabinets and casework, and equipment attached to wall surfaces (including white boards, marker boards, tack boards, television mounts, scoreboards, fire extinguishers, kitchen cabinets/equipment, etc.),
- upgrade, modify and construct restroom facilities,
- comply, as necessary, with Americans with Disabilities Act (ADA) and Title 24 requirements,
- refinish the exterior finishes of the school (including stucco, wood and metal trims, wood siding, paint, etc.); replace doors and windows,
- modify, expand, separate, convert and construct school support areas, including staff work and lunch areas, to provide adequate, functional environments, and
- modify, replace and construct functional components of altered or replaced building components (including rainwater leaders, fascias, mansards, etc.).

For any project involving renovation, repair or rehabilitation of a building or the major portion of a building, the District shall be authorized to proceed with new replacement construction instead (including any necessary demolition), if the Board of Education determines that replacement and new construction is more practical than rehabilitation and renovation, considering the building's age, condition, expected remaining life, comparative cost, and other relevant factors.

The Bond Project List shall be considered a part of this ballot proposition, and shall be reproduced in any official document required to contain the full statement of the bond proposition.
